Blind/Low Vision Rehabilitation Medical Documentation Requirements

Complete the documents listed below after providing Patient-Centered Community Care- or Veterans Choice Program-eligible Veterans with authorized blind/low vision services.

**Blind/Low Vision Rehabilitation Medical Documentation Requirements Checklist**

- **VA Low Vision Visual Functioning Questionnaire**
  This document provides suggestions on how to conduct the U.S. Department of Veterans Affairs (VA) Low Vision Visual Functioning Questionnaire.

- **VA Low Vision Visual Functioning Survey**
  Use this survey to determine the patient’s level of difficulty for various vision-related activities.

Using the cover sheet provided by Health Net Federal Services, LLC (HNFS), fax the documents above along with the elements mentioned in the Required Content of Medical Documentation checklist to 1-855-300-1705.

Medical documentation for blind/low vision services must be returned to HNFS within three calendar days of the initial appointment.

If you have additional questions on completing required medical documentation, please contact HNFS at the telephone number listed on the Veteran’s authorization.
